Resurfacing Project, Sidewalk Ramp Improvements on Illinois 1 between Cutoff Road and 15th Street

CHICAGO – The Illinois Department of Transportation (IDOT) announced that daily lane closures will take place on Illinois 1 between Cutoff Road and 15th Street, in Chicago Heights, beginning, weather permitting, Monday, July 24. The closures are necessary for a project that will resurface the roadway and improve the sidewalk ramps along Illinois 1.

In order to complete the work, intermittent, daytime lane closures will take place on Illinois 1 from Cutoff Road to 15th Street.

The scope of the project consists of roadway resurfacing, pavement patching, and curb and gutter reconstruction. The project will improve safety and accessibility with the construction of sidewalks compliant with the Americans with Disabilities Act (ADA).

The overall project is expected to be completed in Fall 2017.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
